PROJECT DESCRIPTION

NOTE: State the application's broad, long-term objectives and specific aims, making reference to the health relatedness of the project. Describe concisely the research design and methods for achieving these goals. Avoid summary of past accomplishments and the use of first person. This abstract is meant to serve as a succinct and accurate description of the proposed work when separated from the application. If the application is funded, this description, as is, will become public information. DO NOT EXCEED THE SPACE PROVIDED.

KEY PERSONNEL

NOTE: See instruction. Use continuation pages as needed to provide the required information in the format shown below. Start with Principal Investigator. List all other key personnel in alphabetical order, last name first.
